# SUBJECT INDEX TO VOLUME 123

Addison's disease
  carbohydrate metabolism in (Thorn, G. W.), 49
  desoxycorticosterone in (Thorn, G. W.), 49
Adrenal
  cortex, clinical considerations and historical aspects (Thorn, G. W.), 49
  steroids (Thorn, G. W.), 49
Adrenocorticotrophic cortisone (compound E)
  aldosterone (Thorn, G. W.), 49
Adrenogenital syndrome
  influence of androgens and sexually dimorphic behavior (Ehrhardt et al), 115
  unilateral adrenalectomy (Thorn, G. W.), 49
Aldosterone (Thorn, G. W.), 49
Allogeneic cells (Thornes et al), 305
Allograft phenomena, in vivo (Thornes et al), 305
Ameboid motility (see Motility)
  cancer cells in vivo (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
  granulocytes in vivo (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
  lymphocytes in vivo (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
Androgens
  in transsexual subjects (Migeon et al), 128
  insensitivity in testicular feminizing syndrome (Money et al), 105
Antibiotic resistance
  in enterobacteria from non-human primates (Hardy et al), 29
Antibody (Thornes et al), 305
Anticoagulants (Thornes et al), 305
  invasion (Thornes et al), 305
  metastasis (Thornes et al), 305
Arnold-Chiari defect
  as explained by new entity of embryonic neuroschisis (Padget, D. H.), 233
Arrhythmias
  diphenylhydantoin in (Voigt, G. C.), 153
Ascitic V2 cancer (carcinoma) cells, rabbit (Thornes et al), 305
Autochthonous cells (Thornes et al), 305

Bacillary dysentery
  transferable multiple drug resistance in (Hardy et al), 29
Basement membrane
  steroid myopathy (Afifi et al), 158
Behavior and hormones (see hormones)
Bioenergic phenomena (Thornes et al), 305
Bleeding (Thornes et al), 305
Blood
  bleeding (Thornes et al), 305
  coagulative system (Thornes et al), 305
  flow, microvascular in vivo (Thornes et al), 305; (Wood, Jr. & Marzocchi), 23
  hemoglobin switching in non-anemic sheep (Boyer et al), 85, 92
Blood pressure
  systolic and diastolic distributions (Clark et al), 253
Brain
  and hormones (see hormones)
  decompression (Burton & Brisman), 17
Breast
  advanced cancer of (Gaertner et al), 138
  dromstanolone and fluorometholone therapy (Gaertner et al), 138

Calcium
  regulation in pseudohypoparathyroidism (Money & Ehrhardt), 276
Cancer
  advanced breast; triple-blind study of 68 patients treated with dromostanolone and fluorometholone (Gaertner et al), 138
  dicumarol therapy (Thornes et al), 305
  fibrinolytic agents and metastasis (Thornes et al), 305
Cancer cells
  activity in vivo (Wood, Jr. & Marzocchi), 23; (Thornes et al), 305
  disintegration of, in vivo (Thornes et al), 305
  in rabbit ear chamber (Thornes et al), 305
  inhibition of locomotion by anticoagulant therapy (Thornes et al), 305
  motility in vivo (Wood, Jr., & Marzocchi), 23
  V2 in rabbits (Thornes et al), 305
  invasion and locomotion (Thornes et al), 305
Capillary to myocardial fiber volume ratios in
  congenital aortic stenosis (Weinberg et al), 183
  endocardial fibroelastosis (Weinberg et al), 183
  normal hearts (Weinberg et al), 183
  truncus arteriosus (Weinberg et al), 183
Cardiac failure
  in infancy and childhood (Weinberg et al), 183
Cataracts
  associated with pseudohypoparathyroidism (Velitti & McAfee), 271
Cell
  cellular debris (Thornes et al), 305
  membrane (Thornes et al), 305
  membrane RNA (Thornes et al), 305
  to-cell communication (Thornes et al), 305
Chemotaxis in vivo
  lack of (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305

Chemotherapy
effects of warfarin on V2 cancer cells (Thornes et al), 305
Childhood relationships
closest dependent relationship (Thomas & Ross), 283
most significant uneasy relationship (Thomas & Ross), 283
Cholera exotoxin
effect on small intestine (Serebro et al), 229
Coagulum (Thornes et al), 305
coagulative system (Thornes et al), 305
Coarctation of the aorta
associated with scimitar syndrome and patent ductus arteriosus (Glancy et al), 297
Community psychiatry
demonstration program of (Kern et al), 78
training in (Kern et al), 78
Congenital
aortic stenosis, capillary to myocardial fiber volume ratios in (Weinberg et al), 183
genetic regulation (Boyer et al), 85, 92
spina bifida based on embryonic neuroschisis as defined in various species (Padget, D. H.), 233
Cushing's syndrome
as result of long-term use of steroid therapy (Thorn, G. W.), 49

Demonstration program
in community psychiatry (Kern et al), 78
Desoxycorticosterone
in Addison's disease (Thorn, G. W.), 49
Diaphragm
recurrent pneumothorax associated with menstruation (TCM), 259
Dicumarol
in cancer therapy (Thornes et al), 305
Digitalis toxicity
diphenylhydantoin in (Voigt, G. C.), 153
Dilantin
intravenous followed by death (Voigt, G. C.), 153
Diphenylhydantoin
death following intravenous use of (Voigt, G. C.), 153
Discriminant function analysis
family attitudes
closeness (Thomas & Ross), 283
demonstrativity (Thomas & Ross), 283
in three religious groups (Thomas & Ross), 283
matriarchal dominance (Thomas & Ross), 283
Dreams, erotic
in women with late-treated adrenogenital syndrome (Ehrhardt et al), 115
Dromostanolone
and fluorometholone therapy in advanced breast cancer (Gaertner et al), 138
Drill
neurosurgical indications for use of compact hand twist (Burton & Brisman), 17
Drug letter, 38
Drug resistance
in enterobacteria from non-human primates (Hardy et al), 29
Dysentery, bacillary and shigella flexneri R-factors in (Hardy et al), 29

Education
continuing in psychiatry (Kern et al), 78
Effect of cholera toxin
on small intestine, without direct epithelial contact (Serebro et al), 229
Electron microscopy
observations of cerebrum in dystonic juvenile idiocy (Elfenbein, I. B.), 205
steroid myopathy (Afifi et al), 158
Embryonic neuroschisis
a new abnormal entity in human and other species (Padget, D. H.), 233
Endocardial fibroelastosis
capillary to myocardial fiber volume ratios in (Weinberg et al), 183
Endometriosis
recurrent pneumothorax associated with menstruation (TCM), 259
Endothelial sticking
granulocytes (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
lymphocytes (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
Enterobacteria
transferable multiple drug resistance (Hardy et al), 29
Eosinophilia
diagnostic significance (TCM), 41
visceral larva migrans due to toxocara as cause of (TCM), 41
Epidural space
Hodgkin's disease involvement (Eggleston & Hartmann), 265
Episomes
R-factors in bacillary dysentery and shigella flexneri (Hardy et al), 29
Ergotamine tartrate (Drug letter), 38
Erotic stimulation
adrenogenital syndrome (Ehrhardt et al), 115
testicular feminization syndrome (Money et al), 105
Estrogen
effects on androgens in transsexual subjects (Migeon et al), 128
Experimental tuberculin hypersensitivity sequences in morphology and vascular permeability (Hutchins et al), 188

Feminization
adrenogenital syndrome (Ehrhard et al), 115
testicular feminizing syndrome (Money et al), 105
Fetus
fetal hormones (see hormones)
Fibrin
and cancer cells (Thornes et al), 305
and thrombosis (Thornes et al), 305
fibrinolytic agents and metastasis (Thornes et al), 305
Fluorometholone
and dromostanolone treatment in advanced breast cancer (Gaertner et al), 138

Genetic regulation (Boyer et al), 85, 92
Glomerulonephritis, acute
in the elderly (Sapir et al), 145
Glycogen
steroid myopathy (Afifi et al), 158
Golgi complex
steroid myopathy (Afifi et al), 158
Granulocytes
effects of sodium warfarin on (Thornes et al), 305
granulocytic activity, in vivo (Thornes et al), 305
motility during wound healing in rabbit ear chamber (Wood, Jr., & Marzocchi), 23
Growth by cancer cells (Thornes et al), 305

Headache
migraine (Drug letter), 38
Heart
aortic stenosis, capillary to myocardial fiber volume ratios in (Weinberg et al), 183
cardiac failure in infancy and childhood (Weinberg et al), 183
coarctation of the aorta (Glancy et al), 297
congenital aortic stenosis (Weinberg et al), 183
coronary disease, precursor of among healthy medical students (Thomas & Ross), 283
endocardial fibroelastosis (Weinberg et al), 183
Hemoglobin
switching in non-anemic and anemic sheep (Boyer et al), 92
Hermaphroditism
adrenogenital syndrome (Ehrhardt et al), 115
testicular feminization (Money et al), 105
Hodgkin's disease
involving spinal epidural space (Eggleston & Hartmann), 265
Homograft phenomena, in vivo (Thornes et al), 305
Homosexuality
influence of androgen on behavior in women with late-treated adrenogenital syndrome (Ehrhardt et al), 115
Hopkins tradition
of inductive teaching of psychiatry (Kern et al), 78
Hormones
adrenal (Thorn, G. W.), 49
adrenogenital syndrome (Ehrhardt et al), 115
behavior (Ehrhardt et al), 115
brain (Money et al), 105; (Ehrhardt et al), 115
fetal (Money et al), 105
testicular feminizing syndrome (Money et al), 105
Human cancer cells (Thornes et al), 305
5-Hydroxytryptamine (Drug letter), 38
Hyperadrenocorticism
myopathy (Afifi et al), 158
Hypersensitivity
delayed tuberculin in skin lesions of guinea pigs (Hutchins et al), 188
Hypertonic solutions
and their effect on intestine of man (Nasrallah et al), 134
Hypocalcemia
in pseudohypoparathyroidism (Felitti & McAfee), 271
Hypoparathyroidism
in pseudohypoparathyroidism (Felitti & McAfee), 271
mental functioning and calcium regulation (Money et al), 276
Hypoprothrombinemia (Thornes et al), 305

Idiocy
juvenile dystonic, without amaurosis (Elfenbein, I. B.), 205
Implant
cancer cells (V2) (Thornes et al), 305
Idiopathic retroperitoneal fibrosis (Drug letter), 38
Inductive method
of teaching (Kern et al), 78
Inflammation
delayed tuberculin hypersensitivity (Hutchins et al), 188
Intellectual deterioration
in pseudohypoparathyroidism (Felitti & McAfee), 271
Interrelationship
lymphocyte and macrophage (Thornes et al), 305
monocyte and macrophage (Thornes et al), 305
Intersexuality (see hermaphroditism)
Intestine
injury, effect of hypertonic mannitol (Nasrallah et al), 134
symptoms, minimal in Whipple's disease (Knox et al), 175
Instrument
neurosurgical hand twist drill (Burton & Brisman), 17
Invasion and locomotion
cancer cells (Thornes et al), 305
Invasion by cancer cells (Thornes et al), 305

Juvenile idiocy, dystonic
without amaurosis (Elfenbein, I. B.), 205

Kinematics
granulocytes in vivo (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305

Laboratory Lop rabbits (Wood & Marzocchi), 23; (Thornes et al), 305
Lesbianism
behavior in women with late-treated adrenogenital syndrome (Ehrhardt et al), 115
Libido
influence of androgens on behavior in late-treated adrenogenital syndrome (Ehrhardt et al), 115
Locomotion
inhibition of cancer cells in vivo by anticoagulant therapy (Thornes et al), 305
Los Angeles heart study population
systolic and diastolic blood pressure distributions (Clark et al), 253
Lung
recurrent pneumothorax associated with menstruation (TCM), 259
scanning in regional hypercapnia (Twining et al), 95
unilateral hyperlucent syndrome (Hamilton, Jr. et al), 222
Lymphocytes
hand-mirror form (Thornes et al), 305
lymphocytic activity in vivo (Thornes et al), 305
motility in vivo (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
with tails (Thornes et al), 305
Lysosomes
steroid myopathy (Afifi et al), 158

Macleod's syndrome (Hamilton, Jr. et al), 222
Macrophages
activity in vivo (Wood, Jr. & Marzocchi), 23; (Thornes et al), 305
Mannitol, hypertonic
effect on intestine of man (Nasrallah et al), 134
Marriage
adrenogenital syndrome (Ehrhardt et al), 115
testicular feminization (Money et al), 105
Maryland county health departments
psychiatry in (Kern et al), 78
Maryland training program
in community psychiatry (Kern et al), 78
Masculinization
adrenogenital syndrome (Ehrhardt et al), 115
testicular feminization syndrome (Money et al), 105
Maternalism
adrenogenital syndrome (Ehrhardt et al), 115
testicular feminization syndrome (Money et al), 105
Mechanisms
tumor invasion (Thornes et al), 305
tumor metastasis (Thornes et al), 305
Medical students
coronary disease (Thomas & Ross), 283
hypertension (Thomas & Ross), 283
parental history (Thomas & Ross), 283
Meiotic prophase (Meyer et al), 123
Menstruation
associated with recurrent pneumothorax (TCM), 259
Mental functioning
in pseudohypoparathyroidism (Money & Ehrhardt), 276
Metastasis
by cancer cells (Thornes et al), 305
lung (Thornes et al), 305
lymph node (Thornes et al), 305
Methysergide (Drug letter), 38
Migraine headache
treatment of (Bianchine & Speed, III), 38
Mitochondria (Thornes et al), 305
Monkey embryo
morphogenesis of diverse types of spina bifida (Padget, D. H.), 233
Monocytes (Thornes et al), 305
Motility, active, in vivo
cancer cells (Wood, Jr., & Marzocchi), 23, (Thornes et al), 305
granulocytes (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
lymphocytes (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
macrophages (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
of granulocytes on endothelium (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
of lymphocytes on endothelium (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
Motion of cells in vivo (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
Murine L1210 leukemia cells (Thornes et al), 305
Muscle
disease-steroid (Afifi et al), 158
resting potential in developing rat (Hazlewood & Nichols), 198
Myelomeningo- and myelo-cele
embryonic origin of spina bifida cystica and aperta (Padget, D. H.), 233
Myopathy
steroid (Afifi et al), 158

Negative chemotaxis
lack of (Thornes et al), 305
Neurohumoral differentiation
adrenogenital syndrome (Ehrhardt et al), 115
testicular feminization syndrome (Money et al), 105

Neurosurgery
hand twist drill in (Burton & Brisman), 17
Nomenclature
of spina bifida as based on new embryonic entity: neuroschisis (Padget, D. H.), 233

Ocular inflammation
in Whipple's disease (Knox et al), 175
Oocytes (Meyer et al), 123
Oogenesis (Meyer et al), 123
Oogonia (Meyer et al), 123
Origin of granulocyte in tissue (Thornes et al), 305
lymphocyte in tissue (Thornes et al), 305
macrophage in tissue (Thornes et al), 305
Ormond's disease (Drug letter), 38
Osteomalacia
in pseudohypoparathyroidism (Felitti & McAfee), 271
Oxidative phosphorylation (Thornes et al), 305

Paralysis
hypokalemic (Thorn, G. W.), 49
Paraplegia, spastic
familial (Mahloudjii & Chuke), 142
with retinal degeneration (Mahloudjii & Chuke), 142
Patent ductus arteriosus
in association with scimitar syndrome (Glancy et al), 297
Pelvimetry (Meyer et al), 123
Phagocytosis, in vivo
erythrocyte by cancer cell (Thornes et al), 305
Platlets (Thornes et al), 305
Pleurectomy
in recurrent pneumothorax associated with menstruation (TCM), 259
Pneumothorax
recurrent, in association with menstruation (TCM), 259
Positive chemotaxis
lack of (Woods, Jr. & Marzocchi), 23; (Thornes et al), 305
Prothrombin (Thornes et al), 305
Pseudohypoparathyroidism
correlation of mental functioning and calcium regulation in rare case (Money & Ehrhardt), 276
recovery from symptoms in (Felitti & McAfee), 271
Psychiatry
in Maryland county health departments (Kern et al), 78
Maryland training program in community (Kern et al), 78
Pulmonary
circulation, regulation of (Twining et al), 95
hypertension in association with scimitar syndrome, patent ductus arteriosus, aortic coarctation and irreversible pulmonary hypertension (Glancy et al), 297
unilateral hypoplasia (Hamilton et al), 222
vasoconstriction (Twining et al), 95

R-factors
in bacillary dysentery and shigella flexneri (Hardy et al), 29
Rabbit
cancer cells (Wood & Marzocchi), 23; (Thornes et al), 305
ear chamber, wound healing in (Wood, Jr., & Marzocchi), 23
effects of sodium warfarin on V2 cancer cells, granulocytes, lymphocytes and macrophages (Thornes et al), 305
Radiation, fetal (Meyer et al), 123
Rat
in vivo muscle resting potential in developing (Hazlewood & Nichols), 198
Regional hypercapnia
effect on distribution of pulmonary blood flow in man (Twining et al), 95
Residency training
in community psychiatry (Kern et al), 78
Resistance to warfarin (Thornes et al), 305
transfer factors (RTF) in bacillary dysentery and shigella flexneri (Hardy et al), 29
Retinal degeneration
familial (Mahloudjii & Chuke), 142
with familial spastic paraplegia (Mahloudjii & Chuke), 142

Seizures
in pseudohypoparathyroidism (Felitti & McAfee), 271
Selective endothelial adhesion of lymphocytes (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
inhibition of cellular motility in vivo (Thornes et al), 305
Sex
dimorphic behavior in adrenogenital syndrome (Ehrhardt et al), 115
ratio of children born to mothers exposed to x-rays in utero (Meyer et al), 123
testicular feminization syndrome (Money et al), 105
Sheep
hemoglobin switching in non-anemic sheep (Boyer et al), 85, 92
Shigella
development and characteristics of resistance to transferable multiple drugs (Hardy et al), 29
Simultaneous analysis of
normal and cancer cells in vivo (Thornes et al), 305

Skin
  delayed (tuberculin) hypersensitivity in lesions of guinea pigs (Hutchins et al), 188
Sodium warfarin
  effects on V2 cancer cells (Thornes et al), 305
  effects on granulocytes (Thornes et al), 305
  effects on lymphocytes (Thornes et al), 305
  effects on macrophages (Thornes et al), 305
Spina bifida
  embryonic origin of types occulta, cystica, aperta, as defined and termed (Padget, D. H.), 233
Spinal cord
  involvement in Hodgkin's disease (Eggleston & Hartmann), 265
Surgical training
  panel discussion, 1
Steroids
  adrenal (Thorn, G. W.), 49
  aldosterone (Thorn, G. W.), 49
  myopathy (Afifi et al), 158
Syndrome
  hyperlucent lung (Hamilton, Jr., et al), 222
  dystonic juvenile idiocy without amaurosis (Elfenbein, I. B.), 205

Teaching
  inductive method in (Kern et al), 78
Testicular feminization
  fetal feminization induced by androgen insensitivity (Money et al), 105
Thayer lectures for 1967 (Thorn, G. W.), 49
Therapy
  combined hormone in advanced breast cancer (Gaertner et al), 138
  estrogen effects in transsexual subjects (Migeon et al), 128
Thrombosis and cancer (Thornes et al), 305
Time-lapse cinemicrography, in vivo (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
  rabbit ear chamber technique (Wood, Jr., & Marzocchi), 23; (Thornes et al), 305
Topics in clinical medicine, 41, 259
Toxocara canis
  cause of visceral larva migrans in humans (TCM), 41
Truncus arteriosus
  capillary to myocardial fiber volume ratios (Weinberg et al), 183
Tuberculin hypersensitivity (delayed)
  in skin lesions of guinea pigs (Hutchins et al), 188

Variable cycles of cellular motility and non-motility (Thornes et al), 305
Vascular permeability
  in delayed tuberculin hypersensitivity skin lesions of guinea pigs (Hutchins et al), 188
Ventilation-perfusion relationships (Twining et al), 95
Visceral larva migrans
  due to toxocara canis (TCM), 41
Vitamin $K_1$ (Thornes et al), 305

Warfarin
  cancer cells (Thornes et al), 305
  cytotoxicity (Thornes et al), 305
  granulocytes (Thornes et al), 305
  growth (Thornes et al), 305
  hemorrhage (Thornes et al), 305
  invasion (Thornes et al), 305
  long-term therapy (Thornes et al), 305
  lymphocytes (Thornes et al), 305
  macrophages (Thornes et al), 305
  metastasis (Thornes et al), 305
  resistance (Thornes et al), 305
Whipple's disease
  presenting with ocular inflammation and minimal intestinal symptoms (Knox et al), 175
Wound healing
  in rabbit ear chamber (Wood, Jr., & Marzocchi), 23
